AMERICAN ADVANCED MANAGEMENT

Introduction to American Advanced Management

PREPARED FOR
San Benito Healthcare District

7/24/2023

AMERICAN ADVANCED MANAGEMENT

Our mission is to preserve access to quality healthcare for rural and urban communities by revitalizing struggling hospitals with a focus on growth and fiscally responsible centralized services

OUR STORY

American Advanced Management originated in 2012 with the opening of its pilot hospital; Central Valley Specialty, a General Acute Care Specialty Hospital in Modesto, California. We taken our passion for preserving and restoring care to underserved populations and expanded consistently.

- First company in California to revive a rural hospital following bankruptcy and closure;
- Development of innovative service model for Urban, Rural and Critical Access Hospitals;
- Medical Group with multiple specialties and over 60 physicians
- Development of wider health system network providing patient-centered care to communities of every size.
- Scalable, cost-effective shared services with flexibility to accommodate each unique market.

AMERICAN ADVANCED MANAGEMENT
